

2019

SandTunes

MUSIC FESTIVAL

SAT 30 NOVEMBER & SUN 1 DECEMBER

It is intended that the SandTunes music festival showcase the beauty of the iconic Coolangatta beach to the world and deliver significant economic benefit to the southern Gold Coast. The feel of the festival is to be a "sand under foot" experience and will be designed to deliver an easy going beach side event.

Planning for the SandTunes music festival on Coolangatta beach has been occurring since 2017. It has always been the intention that the SandTunes music festival be delivered as the country's premier music festival that attracts patrons from around Australia and overseas with 35,000 tickets for sale both days.

Having received in-principle approval from City of Gold Coast in 2018, the promoter, TEG Dainty is working closely with key community stakeholders and approval agencies to ensure that impacts to residents are minimised and opportunities for traders are optimised.

As planning matures, more information will be provided regarding transport, precinct activation, site build and the entertainment line-up. This information will be available through newsletters and the website. For additional information or to make comment please contact us on our email address provided below - we value local input to make sure that SandTunes is optimised for the benefit of Coolangatta and the southern Gold Coast.

SandTunes is being delivered by TEG DAINTY who have been producing live entertainment across Australasia since the early 1970s and were recently ranked by Billboard Magazine as the 5th largest promoter in the world.

TEG Dainty is responsible for bringing the biggest and best entertainment to Australia from the Rolling Stones to Michael Buble. Most recently it was announced that TEG Dainty will be hosting a series of Queen + Adam Lambert shows around Australia including Metricon stadium on the Gold Coast.
